

# moto 360

# IT'S TIME.

Moto 360™ is a modern timepiece powered by Android Wear™ — comfortable, familiar, and crafted with the finest materials. Glance at your wrist to see updates or just speak to get the info you need.

## QUALITY CRAFTSMANSHIP

### Classic Design & Finest Materials

- Stainless Steel case
- Genuine Horween® Leather
- Scratch-resistant Corning® Gorilla® Glass

## TIMELY UPDATES

- Important notifications appear on your watch at the right times.
- Get traffic info on your route to work.

## RESPONDS TO YOUR VOICE

- Just speak to get the info you need.
- Say, "OK Google, how is the weather?"

## DOUBLES AS AN ACTIVITY TRACKER

Keep track of your steps and know your heart rate using a built-in pedometer and heart rate monitor.

Pair with any smartphone running Android 4.3 or higher. Check compatibility at [g.co/WearCheck](http://g.co/WearCheck).

Enjoy battery life that lasts all day.<sup>1</sup>

Place Moto 360 on its wireless charging dock at night.

Withstands both water and dust.<sup>2</sup>

## SELL IT IN 60 SECONDS

---

**“Moto 360 is comfortable, and meant to be worn all day long.”**

Demonstrate how the straps connect closer to the center point than other devices, allowing for a broader range of fit. Choose from different designs and band options to suit your style.

**“Moto 360 is crafted with the finest materials.”**

Showcase the real stainless steel housing, genuine leather bands, and scratch-resistant Corning Gorilla Glass.

**“Moto 360 provides timely updates at a glance.”**

Explain that Moto 360 will display phone and Google Now notifications just by glancing at their wrist. Start by showing the cards for weather, flight alerts, or traffic.

**“Moto 360 responds to your voice.”**

Just say, “OK Google,” to get the information you need. Get answers to questions like, “What’s my next appointment?”, “How do I get home?”, or even the really important ones, like, “Where are the nearby coffee places?”

**“Moto 360 has a built-in pedometer and heart rate monitor.”**

Keep track of your steps and know your heart rate thanks to a built-in pedometer and heart rate monitor. Just say, “OK Google,” to get answers to questions, like, “How many steps have I taken today?”

**“Moto 360 works with your Android phone.”**

Moto 360 is powered by Android Wear™, and will pair with any smartphone running Android 4.3 or higher.

## FAQ

---

### Does Moto 360 require a smartphone to operate?

Yes, Android Wear is designed to work with Android phones running 4.3 or higher. Not sure what version of Android you have? Visit [g.co/WearCheck](http://g.co/WearCheck) on your phone to see if it’s compatible.

### How does Moto 360 charge?

Plug the charger into a power outlet and place the watch on the charging dock. For optimum charging performance, insert the USB charging cable with a single port charger or PC. Performance may be degraded with multi port chargers and may require the charger to be reset by replugging the unit.

### What happens if my customer needs to replace a band?

For band adjustments, we recommend taking Moto 360 to a jeweler or watch repair shop for assistance. Only “certified” Motorola bands are compatible with Moto 360.

### Will Moto 360 work with additional third-party apps?

Yes, Moto 360 is designed to work with the apps your customer loves, from social media to personal fitness. Check Google Play™ for the latest apps.

<sup>1</sup> All battery life claims are approximate and based on an average user profile that includes both usage and standby. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other applications usage patterns.

<sup>2</sup> IP67 dust and water resistant—Not waterproof. Not for use while swimming, diving or engaging in other underwater activities. Avoid prolonged exposure to water, and/or exposure of leather band to water.

All features, functionality and other product specifications are subject to change without notice or obligation. Certain features or functionality may not be supported and/or the functionality may be limited.
